## Mobile Lift Tables

ES100L

### Electric Lift Table ES for EUR-Pallet

Table platform has EUR-pallet dimensions. Tables construction is very robust but they are still easy to manoeuvre due to low net weight. Tables are famous for its mechanical strength and operation reliability. Lifting and lowering by a push-button controller, connected to a European power pack (DC/700W). Maintenance-free German battery which gives many working hours per charging and a long life time, approx.

### Manual Lift Table BS for EUR-Pallet

Table platform has EUR-pallet dimensions. Tables construction is very robust but they are still easy to manoeuvre due to low net weight. Tables are famous for its mechanical strength and operation reliability. Lifting with a foot pump and lowering with a handle, simple and reliable design makes long life time.
